This Page of Yours . . .

We hope it won't be long before you'll wish this page of yours had 50 columns instead of just eight. For, in these eight columns, we shall try, as in the past, to offer all that can be said of your social activities throughout this brand new year of 1940.

We're eager to juggle into this page the most frivolous, the most intensely serious, the most momentous, yes, even the most insignificant feat you can perform! And with your cooperation, we shall be able to do this better than ever during the coming 12 months.

In this new year we will also try to give you new and different innovations, delightful comment, sincere profundities and your sparkling chatter. And that's why we are confident you'll find much worth looking at in this page of yours especially if you contribute something of yourself and your activities throughout the 52 glamorous weeks of 1940! — Carol Tuller, society editor.

Woman Chaplain Will Address M. E. Council

"My Work in the General Hospital" is the intriguing subject which Miss Mayne Jerico, Methodist medical deaconess and only woman chaplain assigned to Methodist patients in the wards of the Los Angeles General hospital, has announced for her special lecture which she is scheduled to give at the meeting of the Woman's Council of the Methodist church at 1 o'clock Tuesday afternoon, Jan. 9, in the church parlors. The public is cordially invited to attend the session, according to Mrs. Grace Hooper, council president.

Miss Jerico has distinguished herself in many ways during the four years she has been attached to the hospital staff, and is especially interested in children's work.

Devotional and a regular business meeting have also been calendared for the day, with refreshments concluding the session. The committee in charge of arrangements for the event consists of Mrs. R. Meyers, Mrs. Dick Hogue and Mrs. Harry G. Banks.

LECTURE FEATURES CLUB MEETING

Declaring that human beings do not "catch" diseases but rather that they develop them either by lack of the proper foodstuffs or by improper combinations of foods, Mrs. Margaret Woodward of Los Angeles, diet authority, addressed the Torrance Woman's Club yesterday afternoon in an informal forum lecture. A business meeting, presided over by Mrs. A. H. Silligo, president, preceded the forum program, at which time Mrs. W. I. Laughon was presented to the club as a new member.

Announcement was also made of the next Presidents' Council to be held at Santa Monica high school Jan. 17. All interested persons are invited to attend the session. Transportation arrangements can be made either through Mrs. Silligo or Mrs. Anid Miles.

WOMEN OF MOOSE PLAN CARD FETE

The membership committee of the Women of the Moose, local chapter, is sponsoring a benefit card party to be held at the home of Mrs. Elsie Smith, 719 Cota avenue, at noon Wednesday, Jan. 10, to which the public is invited.

Following rounds of cards, a dessert lunch will be served. A charge of 25 cents will be made to augment the group's assistance fund. All members are urged to attend tomorrow night's business meeting in Moose Hall, Senior Regent Katherine Gossiaux is to preside, and will review activities of the lodge during the past month.

BUSINESS WOMEN TO HONOR PAST PRESIDENTS

Margaret Dobrick, Juliet M. Young, Laila P. Bowen, Beatrice Hughes Trickey, Lute Fraser, Addie Parks, and Bettina Miller, all past presidents of the Torrance chapter, National Business and Professional Women, are to be special guests of honor at the club's tenth anniversary dinner party Monday night, Jan. 15, in the American Legion hall.

Special hostess and chairman of the anniversary event will be Miss Esther Maxwell. She will appoint her assisting committee. Members of the American Legion Auxiliary will be named to the serving committee. A program of entertainment has also been planned.

Younger Fry's Own Column by AUNT CAROL

NOTE: Beginning today and continuing each week hereafter, there will be included in each issue of this paper a department devoted exclusively to girls and boys of Torrance, Lomita, Harbor City, Waverly and all surrounding communities. Aunt Carol, editor and author of this column, invites communications from the "Younger Fry" as she calls them, in care of this newspaper, Torrance, California.

Dear Girls and Boys:

Guess what! With the coming of the new year, all spic 'n span 'n everything, Mr. Grover C. Whyte, publisher of this paper, has made the grandest resolution. And what do you suppose it is? Three guesses!

Well, beginning with this issue, and continuing each week hereafter there's going to be something all for you in the paper. And we're going to call it "Younger Fry."

Here you'll find all sorts of interesting things. There'll be stories galore and recipes of all kinds from all countries of the world so that little cooks will be kept busy throughout 1940. . . . Interesting things to do and stories about places you never knew were right here in California. In fact, there'll be so many exciting ideas that we just couldn't possibly tell you all about them now. So, you'll just have to read all the future issues of "Younger Fry."

Of course, Mother and Daddy, and big sister and big brother can share in the fun too. But most of all it's just for you.

So, whenever you write a little poem or story, or if you see or do something you think would be of interest to other little girls and boys of this community just about your age, sit right down and write a nice long letter to Aunt Carol in care of this paper. Then just wait and see what happens.

Remember, boys and girls, this is your very own part of the paper. So, start right in today and write me always remembering to include in your letter your name, address, age and school. Remember, I'll be waiting to hear from all of you. More next week.

FOR THE BOYS . . .

Lovingly to all the juniors, AUNT CAROL.

P. S. I wonder how many juniors know what "R. S. V. P." means and where it came from? I just know there's lots and lots of smart girls and boys right here, and so I'd like to have you write and tell me what you think it means. Then next week we'll publish all the letters with the correct answers. Won't that be fun!

FOR THE GIRLS . . .

When you say of a fellow that "he is a good sport," you're saying a number of things about him in one breath.

In the first place you mean that he plays the game for all that there is in it.

Then, too, you are saying that he always obeys rules of the game and plays fair.

You also say that he is loyal to his leader and to his team.

But, more important than all of these, you say that he is a good loser. This, fellows, is the very highest quality of true sportsmanship.

We remember hearing a great football coach telling his team after a lost game:

"Now, boys, the game is over. We've lost. It's our turn and we've got to stand it. Remember—real teams always take their medicine. Do you understand? Real teams take their medicine. No talking. No explanations. No excuses. No criticism. The things are over and done.

"We'll start in again next year, and next year nothing under the sun's going to stop us. You deserved to score, but you didn't. Those who say you tried won't forget.

"No talk now about what might have been—about what might have happened. Take your

There's one thing that nearly every little young lady is interested in doing after she comes home from school, and that's making all sorts of goodies. Now, don't you think I'm right? Why, just the other day I watched little Nancy Ann Whyte learn how to make some taffy. And did she have fun—especially when she got to the place in the cook book where it told how to pull it. She'd never done any-

thing like that before and I'm sure you can all imagine what happened. But she did have lots of fun!

However, important as it is for little misses to learn how to cook, there's one recipe you should all know by heart and then do just as it says. Do you know which one it is? It's a recipe for beauty. And it goes like this:

The very first ingredient is Health for that is the very foundation of all beauty.

The second ingredient is Beautiful Speech. The objection to slang, girls, is not always that it is wrong, but that it is very unbecoming to little ladies who are trying to grow beautiful. You know, I really believe we should try to make our speech as beautiful and attractive as our clothes, don't you?

The third ingredient is Cheerfulness. This is very important if we want to keep the little wrinkles from our faces.

And, then we must be Appreciative if we are to be beautiful. So, Appreciation is the next ingredient. This doesn't always mean just saying "Thank you" for things. It means much more than that, juniors.

And the very last ingredient for beauty is Beautiful Surroundings.

But now I can almost hear some of our little junior misses saying to themselves: "But how can we have beautiful surroundings if we do not have a lot of money to buy them?"

Well, here is the answer: Did you know that the Japanese in far-off Nippon are known everywhere for their beautiful homes? And yet, in their homes, there is never more than one picture hanging on the wall and only one carefully arranged flower in a vase. The rest, juniors is made up of sweetness, simplicity and cleanliness. What do you suppose makes their homes so beautiful. Do write and tell me.

The couple motored to Yuma with Alvin Taylor who attended them as best man. There were no other attendants in the wedding party. The bride was dressed in a smart brown pin-stripe traveling suit with harmonizing accessories. A garden corsage completed her outfit.

Following a short honeymoon during which they will visit scenic points of interest in Arizona, the couple will make their home at 16438 Manhattan Place, Gardena.

The bride is a graduate of Gardena high school, and is engaged in the beauty parlor business. Williams, a graduate of the University of Pennsylvania and former heavy middleweight champion of that school, is employed at the Columbia Steel Co.

MOTHERS' CLUB TO INDUCE NEW OFFICERS

An important Guardian Council meeting scheduled for 2 o'clock Monday afternoon, Jan. 8, will be followed by the regular monthly session of the Job's Daughters Mothers' club when Mrs. Harvel Guttenfelder assisted by Mrs. O. R. Hill, is hostess to the group at her home, 1415 Amapola avenue on that date.

Mrs. Gastrich of Compton, deputy guardian, and Miss Virginia Traller, new honored queen, are to be special honor guests.

Special feature of the get-together will be the official induction into office of Mrs. Marguerite Patterson as president for the 1940 term of the club, and her newly-elected executive board. Mrs. Patterson will preside.

medicine and start over again tomorrow."

How that for straight talk! And how many "good sports" do you suppose there are in your community. Won't you write and tell me. I'll be waiting to hear from you and, until next week's issue of "Younger Fry's column," I am

AUNT CAROL.
